Please update the following changes in the *End of Year 2008 SID Data Field Descriptions* for Field 43. If you have questions about any of the changes, please contact CEPI@michigan.gov.

Field Updates

Field 43: Alternative Services for Suspended and Expelled Students

As required by state statutes MCL 380.1310, MCL 380.1311, and MCL 380.1311a, the Michigan Department of Education is required to provide a list of schools/facilities in Michigan that provide alternative education services for suspended and expelled students.

In an effort to streamline the collection of Field 43, the field has been updated to include only three options for districts to submit when reporting if a school/facility offers services for suspended and expelled students. Eight of the options have been removed from the field.

This field must be reported for all schools/facilities. Districts must select from the following three options for the EOY 2008 SID Submission:

Code

- 02 The school/facility does not provide services to suspended or expelled students.
- 05 The school/facility provides services to suspended and expelled students from the home district only.
- 11 The school/facility provides services to suspended and expelled students from the home district and other school districts.

Please replace Field 43 in your EOY 2008 SID Data Field Descriptions with the version on pages 3 and 4 of this addendum.
